# HELLO, NEIGHBOR!

Way back when, well before the “old normal” that ended in early 2020, any business or service one might seek on Vashon Island could be looked up in “The Book.” Now that we’re living in a new time and many of us are turning to others after being disconnected for more than a year, we felt that a fresh community directory could facilitate much-needed partnerships, fulfillment and commerce.

What’s in the 2021 incarnation of The Book? In short, many of the resources that make this community wonderful, resilient, and largely self-sufficient. Eateries, outdoor recreation sites, getaway options, utilities—both the fun stuff and the fundamental. Fortunately, Vashon offers some of the best and most memorable that can be found anywhere.

We hope you’ll find this directory not just a handy cataloging of all your island needs, but a constant reminder of your crucial role in this community. Perhaps now more than ever, our businesses depend on your patronage to remain afloat from one month to the next. Each transaction here elevates the livelihood of a neighbor, a family, a fellow human being. In turn, when you buy local—and rent, borrow, or simply interact local—you enrich your own life in both minor and profound ways. That goes for visitors, too.

Let these pages guide your next bike ride, your next patio lunch with the dog. Plan a kid-friendly afternoon or a romantic evening. Find an overnight change of scenery for yourself or off-island friends and family. Circle the real estate office and contractor you’ll call when those times come. You’ll find it all here in our **Stay, Savor, Play** and **Live** sections.

When you’re out and about on Vashon, please adhere to Washington state safety standards and any health-related measures individual businesses have posted. Much as we all miss seeing each others’ faces, it’s still safer to smile with our eyes. A sincere thank you to VashonBePrepared and all the volunteers who have worked diligently to keep our island community safe and informed during these challenging times.

May you stay well and prosper as we emerge from this pandemic. Together we’ll help our community do the same.

\* As you explore our local businesses, please reference this directory key to discover what makes each business unique.

## *Island Nest Nanny and Helper*

Island Nest Nanny and Helper Many people know me from my Real Estate practice, which I've maintained since 1996, working by referral only. However, that is just a small part of what I do. For more than 25 years, I have offered my skills to support busy professionals with running their lives smoothly. I manage entire households, including organizing and errand assistance. I pride myself on efficiency planning, shopping for and cooking healthy, beautifully plated meals. I'm an experienced travel nanny and engage with infants and children at a high level as a nanny. I will teach words, numbers and letters, create craft projects, read aloud, sing and dance with my smallest clients.

In any family setting, my goal is to ask for regular feedback and to provide daily updates. I am driven by excellence, honesty, punctuality, and genuine respect are my hallmarks. I am successful at being flexible and patient, joyfully supportive, and ready to serve in any capacity, dedicated to respecting the personal philosophy of each of the families I serve.

**Carolyn Kinsler Steen**  
(206) 851-9805

VASHON  
**4Paws**  
VETERINARY CLINIC

Your Veterinarian in Vashon

Veterinary clients today seek an alternative to hectic multi-doctor; corporate owned practices that make them feel as though they are served on a "take a number" basis. Clients desire a trusted relationship with an individual doctor and staff that will be there the next time they come in. They need a clinic team that remembers their names and their pet's histories and shows its appreciation with reminders, phone calls, sympathy cards and attentive follow up care. They want a clinic that offers the latest in technology with updated equipment and services, staff and client education and availability of specialists.

# ADVENTURE CALLS

The teen years are full of excitement and discovery - so while our teens are stretching their boundaries, adults can help prevent them getting lost along the way.

Teens watch and listen to the adults they know and respect. When influential adults are present and engaged, teens are happier, healthier, and make better choices.
